

St Swithun Wells Catholic Primary School - Reading Overview Year 2

Where appropriate, children will have small guided reading groups focusing on reading books from our reading scheme. There will also be guided reading lessons focusing on age-appropriate texts. The children will continue to practise reading fluently and respond to a range of questions from across the reading domains about the texts they have read.

Must Reads for Whole Class Story time

These texts include 'must reads' for the whole class story time and poems to learn by heart. The children will also be exposed to texts through their writing journeys and the class teacher will select a range of texts to share throughout the year.
